WHEN WORLDS OF FASHION COLLIDE...

Rich texture, spicy hues and exotic patterns-Couristan brings international influence to its assortment with a dramatic array of floor covering options that speak to today's globe-trotting trendsetters. Inspired by the simple beauty of things like an African safari landscape, the vibrantly colored foods of a Mediterranean dish or the intricately detailed fabrics found in an Indian bazaar, all of the area rugs featured in this brochure showcase the enticing allure of fabulous, far-away places. Creating a truly unique look that combines chic sophistication with charming rustic elements, the distinctive style of these opulent area rugs is ideal for interiors with an eclectic theme. Paired with distressed wood or modern, sleek furniture, ambient lighting and personal treasures from your own around-the-world travels, Couristan has the ultimate selection of floor fashions for the Global Glamour enthusiast.

Featuring time-honored, hand-knotted constructions, all four collections highlighted in this brochure are made with luxurious natural materials like wool, bamboo, viscose and linen. Each a true work of art, these investment pieces boast artisan-crafted details and textured patterns played out in a passionate color palette of saturated tones, like Burnished Rust, Sapphire, Olive, Golden Curry, Red Miso and Sage.

From ornate Persian prints to calming Asian motifs, Couristan has a world of choices to help you design your own exotic escape.
