Value-Priced  
Digitally Printed Inspirations

COURISTAN®  
*Inspired by Life*

# WHEN FIRST IMPRESSIONS TURN INTO LASTING IMPRESSIONS...

Everyone knows that a first impression is a lasting impression; perhaps an inspiration that produces an effect on the senses, mind or emotions. Believing that your home should reflect you and your family; while matching your lifestyle and functionality needs, Couristan has created a series of value-priced, digitally printed area rugs that are designed to impact your guests and revitalize your soul after a long day away from the home.

Visually captivating with an abundance of color and a full range of design genres, these digitally printed inspirations feature a machine-woven base of an ultra-soft polyester fiber and non-skid backings for a soft and safe underfoot. Polyester is recognized for its vibrancy due to the fiber's great capacity to be dyed and its high abrasion and fade resistant attributes. This highly-ranked eco-friendly, synthetic fiber offers a high stain resistant element which combined with the craftsmanship employed behind each of our digitally printed area rugs make them superior to any other area rug of their kind in today's market.

From emulated cowhides to tropical florals and traditional masterpieces, each area rug in this unique assortment has been carefully selected to turn any ordinary living space in your home into one of pure 'WOW', and a first impression that will turn into a lasting impression.
